

Help Support the Richburg Colonial Library Project

Hi, my name is Andrew Ray. I am currently a Life ranked Boy Scout in our local Boy Scout Troop #739. I am working on achieving my Eagle Scout Rank. In order to do this, one requirement I must fulfill is to complete a community project.

The project that I have in mind is to make sturdier railings for the stairway leading into the library, along with upgrading some of the landscaping and the library sign. To accomplish this goal, I am turning to the community members to help fund this project that will make the library safer for residents and add to the beautification of this historic building.

The Richburg Colonial Library is a treasured part of our community that we must be sure to take care of. If you are interested in helping out with this project by either donating monetarily or by donating supplies, please mail or drop this form off at the library. No donation is too small...all donations \$25.00 and over will be recognized by the library on a commemorative plaque.

Thank you for your help.

Sincerely,

Andrew J. Ray
